PROJECTS

- Whatsapp Like Portfolio

Source-code : <https://netgineer.netlify.app>

Description:

Developed a real-time messaging portfolio website inspired by WhatsApp, integrating HTML, CSS, JavaScript and react for seamless communication. Implemented features like user authentication, one-on-one chat, media sharing, and responsive UI to showcase skills interactively. Utilized WebSockets for instant messaging. Designed an intuitive and visually appealing interface to enhance user engagement. The portfolio serves as both a professional showcase and a functional web application, demonstrating expertise in full-stack development, UI/UX design, and real-time web communication.
